

SCUTs & Tolls in Portugal

Before you begin your trip you should be aware of SCUTs and tolls, as this might vary throughout the destinations you want to visit.

Tolls

Identified by toll barriers where vehicles must halt. These include lanes for manual payment - collect a ticket as you enter the highway and pay the toll when you exit it. Our vans are not equipped with Via Verde devices therefore you **MUST** go through the manual payment **ALWAYS**.

SCUTs

There are no toll booths for vehicles to halt in this system; instead, gateways installed on roadways recognise when a vehicle is passing through. The toll amount is displayed on a panel before each gateway.

The following signage is used to properly identify all of the road segments that use this kind of toll system.

We advise you to buy a pre-paid toll card a <https://www.portugaltolls.com/en>.
